1. Executive Summary & Vision

UniHive™ is an institutional-grade, closed-loop commerce and hostel logistics platform purpose-built for African collegiate environments. By unifying student identity verification, physical-inspection escrow settlements, and an economically viable 3-tier hostel delivery framework, UniHive formalizes informal, scam-ridden "WhatsApp status" trading into a secure, predictable, and highly profitable university marketplace.

INITIAL PILOT BASE	SECURITY PROTOCOL	LOGISTICS EFFICIENCY	REGIONAL PIPELINE
6,000+	**4-Digit PIN**	**+₦1,300**	**45,000+**
ACU Oyo Undergraduates	Hostel Inspection Escrow	Courier Net Profit / Batch Run	Bowen, Babcock, ABUAD, PAU

2. The Problem Landscape

⚠️ The WhatsApp Trap

- Over 85% of campus trade occurs via 24hr WhatsApp statuses.
- Prevalent advance-fee scams and fake bank transfer alerts.
- Zero buyer return recourse if goods are fake or wrong size.

🚴 Intra-Campus Transit Loss

- Campus bike/shuttle transit averages **₦1,000 – ₦1,200**.
- Flat ₦250 deliveries force couriers to run at a **-₦950 loss**.
- Couriers abandon shifts; vendors skip class to deliver.

🏢 Dorm Security Restrictions

- Strict rules ban opposite-gender access to student halls.
- Commercial dispatch riders are banned past campus gates.
- Packages abandoned 2km away at security checkpoints.

3. The UniHive Solution & Physical Escrow Engine

🎓 Institutional Identity Firewall

Registration requires official 6-digit institutional email OTP (`@acu.edu.ng`) and matriculation verification. Eliminates anonymous scammers and outside intruders.

🛡️ 4-Digit Handshake Escrow

Funds are locked in Paystack escrow at checkout. The merchant is NOT paid until the buyer inspects goods at their hostel porter desk and gives the runner their secret 4-digit PIN.

🏢 Porter Lodge Handoff Protocol

100% of deliveries take place strictly at the ground-floor porter lodge reception. Couriers never enter living quarters, fully respecting university safety regulations.

⚡ Instant Dual-Settlement Paystack Split

PIN entry triggers instant automated payout: 100% item subtotal to Vendor (OPay/Bank), delivery fee to Courier (Kuda/Bank), and ₦100 tech fee to UniHive.

4. The 3-Tier Campus Delivery Logistics Framework

To solve the ₦1,200 intra-campus transit cost barrier, UniHive deploys an economically balanced 3-tier delivery matrix:

Delivery Tier	Buyer Cost	Courier Revenue	Operational Mechanism	Ideal Use Case
Option 1: Self-Pickup	**₦0**	₦0	Direct pickup at merchant's dorm or campus station	Roommates, adjacent dorms, casual trade
Option 2: Hostel Batch Drop	**₦500**	**₦500 / order**	Pooled drops dispatched when runner has **4+ packages** for hall	Thrift fashion, everyday dorm essentials, snacks
Option 3: Express Solo Run	**₦1,500**	**₦1,500**	Instant point-to-point dedicated courier transit (< 30 mins)	Emergency medicine, exam materials, urgent gear

✗ TRADITIONAL SOLO MODEL (DEFICIT)

```
Revenue (1 package × ₦250):          ₦250
Campus Transport Cost:             ₦1,200
-----------------------------------------
Net Deficit per Trip:           -₦950 (FAILED)
```

Couriers lose money on every run and abandon the platform.

✓ UNIHIVE POOLED BATCH DROP (PROFITABLE)

```
Revenue (5 packages × ₦500):       ₦2,500
Campus Transport Cost:             ₦1,200
-----------------------------------------
Courier Net Profit:          +₦1,300 / 20-min run
```

Runners earn ₦3,900 – ₦6,000 daily over 3 evening runs.

5. Business Model & Financial Scalability

Phase / Target	Student Base	Monthly Orders	Monthly Gross Revenue	Annualized Run-Rate
Phase 1: ACU Oyo Pilot	6,500 students	3,500 orders	**₦450,000 / mo**	**₦5.4M ARR**
Phase 2: 5 Regional Campuses	45,000 students	30,000 orders	**₦3,800,000 / mo**	**₦45.6M ARR**
Phase 3: 20 Universities Nationwide	200,000+ students	180,000 orders	**₦23,000,000 / mo**	**₦276M+ ARR**

6. Institutional Value for University Management

🏛️ **Direct Administrative Benefits (Student Affairs & Campus Security)**

1. **Security Compliance:** Zero commercial dispatch bikes enter dorm premises; all packages handled strictly by vetted student ambassadors.
2. **Hostel Sanctity:** Handoffs occur at ground-floor porter lodge desks. No room-to-room entry across gender boundaries.
3. **Zero Fraud Complaints:** Ends administrative time lost investigating WhatsApp scams via automatic 3-attempt escrow lockouts.
4. **Work-Study Employment:** Provides 30-50 campus runner jobs paying up to ₦6,000 daily to legitimately support student tuition.

THE PITCH ASK

1. Official Institutional Sanction from Directorate of Student Affairs
2. ₦5,000,000 Seed Capital for Courier Equipment & Multi-Campus Expansion
